DUTIES AND RESPONSIBILITIES:
Works in collaboration and partnership with the Project Director/Program Supervisor I to co-lead the Navajo Nation Project LAUNCH grant activities by working to increase collaboration between health and mental health treatment programs on the Navajo Nation and reduce leadership and policymaking silos. Promotes the wellness of young children from birth to eight years old, by addressing the physical, emotional, social, cognitive, and behavioral aspects of their development. The goal is for children to be thriving in safe, supportive environments and entering school ready to learn and able to succeed. Provides child family centered "Infant and Early Childhood Mental Health Consultation" (ICMHC) in Early Care and education setting by support and using a coaching model with DODE, NNDSS and NNDOH to build the Navajo Nation's capacity to strengthen and enhance the healthy social and emotional development of children. Develops and provides public education in infant mental health, screening, and general maternal child health to the community, and conducts community strengthening activities, to equip caregivers to facilitate healthy growth and development in children. Provide evidence of positive impacts on young children and families when resources are focused on early childhood wellness in a culturally-appropriate and strengths-based manner. This program will foster responsive models to support and promote mental health and wellness and reduce the impacts of trauma and adversity through a public health approach. Project LAUNCH will focus on health needs of the Navajo Nation community, rather than address the health problems of individuals. Promotes building on protective factors that support resilience, wellness, and healthy development of children and can prevent later social, emotional, cognitive, physical, and behavioral problems, including early substance use. Strengthen and enhance the partnership between health and mental health organizations and departments that are part of Navajo Nation infrastructure. Develops a vision of infant mental health and prevention at NNDOE, NDSS and NNDOH to offer the organizations a sense of what to strive for to promote emotional and emotional health of all young children. Develops a Navajo Nation wide plan for systems change for addressing the needs of families of young children with mental health and wellness needs. Works with YCWAG to develop resources for families including literacy materials related to social and emotional development. Develops resources for Parent Resource Center and parent groups to promote positive infant mental health development. Travels to and attends all grantee meetings and trainings.
